

PAINT

ROAD CHOICE® PAINT is a superior line of enamels, lacquers, engine paints and specialty products geared toward the automotive aftermarket. Our premium products are available in 16 oz. spray cans and come in a variety of colors and engine enamels.

GENERAL PURPOSE

Our basic colors provide a tough finish that inhibits rust and resists heat and gasoline. Available in high-gloss colors and flat finishes, they hide well, dry fast, and resist chipping and peeling. They can be used for general purpose applications that require maximum indoor/outdoor coating performance.

| Item | Part Number | Description |
|-------------------------------------------------------------------------------------|-------------|-----------------------|
|  | PAI16GLBK | Gloss Black 16 oz. |
|  | PAI16GLWT | Gloss White 16 oz. |
|  | PAI16FTBK | Flat Black 16 oz. |
|  | PAI16FTWT | Flat White 16 oz. |

ENGINE ENAMELS

Our engine enamels are heat-resistant spray paints that can restore engines to their factory color and protect engines, transmissions and other OEM equipment. This paint dries fast, has superior durability and is resistant to gasoline, oil and heat (300°F).

| Item | Part Number | Description |
|-------------------------------------------------------------------------------------|-------------|----------------------------------------------------------------------------|
|  | PAI16CUBG | Cummins Beige 16 oz. (replaces OEM #3824515) |
|  | PAI16CURD | Cummins Red 16 oz. (replaces OEM #3163075) |
|  | PAI16DDGN | Detroit Diesel Alpine Green 16 oz. (replaces OEM #5194974) |
|  | PAI16MKRD | Mack Engine Red 16 oz. (replaces OEM #312SX167) |
|  | PAI16MKGY | Mack Engine Gray 16 oz. (replaces OEM #312SX131) |
|  | PAI16VOGN | Volvo Engine Green 16 oz. (replaces OEM #85103205) |

PRIMER

Our fast-drying spray primer provides maximum rust protection and adhesion for a finishing top coat. This VOC-compliant primer can be used with lacquer, enamel and acrylic paints, and provides excellent resistance to heat and corrosion. For best results, sand lightly with fine sandpaper or steel wool before applying finish coat.

| Item | Part Number | Description |
|------------------------------------------------------------------------------------|-------------|-----------------------|
|  | PAI16PRGY | Primer Gray 16 oz. |

INDUSTRIAL ENAMEL

Our industrial enamel is formulated for maintenance operations where maximum performance is required. This high-solids spray paint does not run or sag, gives twice the coverage of conventional spray paints, and resists oil, gas, heat and sunlight.

| Item | Part Number | Description |
|-------------------------------------------------------------------------------------|-------------|-------------------------------|
|  | PAI16EQYL | Equipment Yellow 16 oz. |
|  | PAI16SFRD | Safety Red 16 oz. |

SPECIALTY COATINGS

Our specialty coatings are formulated for automotive repair specialists who require maximum performance and high-quality results. Superior, lead-free high-solids coatings cover three to four times more than standard aerosols and protect against rust, weather, oil, gasoline and most corrosive chemicals. These coatings also resist abrasion and heat (300°F), withstand high humidity, and have single-coat hiding.

| Item | Part Number | Description |
|-------------------------------------------------------------------------------------|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | PAI16RUST | Rust Eliminator 16 oz. <ul style="list-style-type: none"> Penetrates rust and turns it into a protective black coating Resists moisture and prevents future rust growth Greatly reduces time spent wire brushing and sanding |
|  | PAI16AL | Cast Aluminum 16 oz. <ul style="list-style-type: none"> Provides rebuilt cast aluminum parts with a factory-fresh appearance Resists corrosion and protects against abrasions |
|  | PAI16CA | Cast Iron Gray 16 oz. <ul style="list-style-type: none"> The ideal choice for rebuilders Returns rebuilt cast iron engine parts, cylinder heads and blocks to their original luster |
|  | PAI16SS | Stainless Steel 16 oz. <ul style="list-style-type: none"> Contains 100% 316L stainless steel pigment Provides maximum protection against weather, sunlight, oil and water |
