

FLEX BELLOWS

ROAD CHOICE® FLEX BELLOWS KITS provide an easy and cost-effective way to replace exhaust bellows. Kits include all the components you need for installation: clamps, gaskets, instructions, and tubes and support brackets when required. You can shop with peace of mind, knowing that Road Choice Flex Bellows are crafted to meet the same exacting standards as OEM bellows, using high-quality materials and manufacturing processes.

SUPERIOR VALUE FOR YOUR FLEET

- Highly engineered for reliability and efficiency
- Built in America to the highest quality standards
- Available for pickup or delivery from a dealer near you
- All 2014 and earlier models available for Class 8 Freightliner, International, Kenworth, Mack, Peterbilt, and Volvo
- Huge savings on every model

PROTECT YOUR INVESTMENT WITH HIGH-QUALITY PARTS

Road Choice provides high-quality aftermarket bellows for your truck. Don't let flex hose or inferior bellows impact your fleets uptime or expenses.

Flex connectors or low-end bellows can result in:

- Very short life span
- Accelerated contamination
- Increased regen cycles
- Exposing you to EPA regulation fines

A poorly conditioned exhaust system results in increased expenses and reduced profitability.

Leaky flex connector

Prematurely contaminated DPF

Available at your local Road Choice Retailer, find your closest location by visiting roadchoice.com/findaretailer
